

Product Name :
100 kN Flexure Testing Machine Motorised

Product Code :
TEST5062RFQLAB-0002

Description :

100 kN Flexure Testing Machine Motorised for Testing Lab Equipment Tender Suppliers India

Technical Specification :

It is except that it has a motorised unit. The unit have a load gauge for the indication of breaking load of the beam. Operates on 220 volts single phase AC supply.

We are a leading manufacturers of 100 kN Flexure Testing Machine Motorised testing equipment for a range of industries, including materials science testing lab. We offer full range of 100 kN Flexure Testing Machine Motorised testing equipment, including 100 kN Flexure Testing Machine Motorised testing kit, 100 kN Flexure Testing Machine Motorised testing machine, 100 kN Flexure Testing Machine Motorised testing tools, 100 kN Flexure Testing Machine Motorised test equipment, 100 kN Flexure Testing Machine Motorised test machines, 100 kN Flexure Testing Machine Motorised for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use 100 kN Flexure Testing Machine Motorised testing equipment that helps customers build better, safer, and more sustainable infrastructure.
