Product Name :
Longitudinal Compressometer Electronic 150 mm dia

Product Code :
TEST5064RFQLAB-0003

Description :

Longitudinal Compressometer Electronic 150 mm dia

Technical Specification :

Same but provided with a digital gauge with a sensitivity of 1micron. Change in length under load is directly displayed on the LCD screen.

We are a leading manufacturers of Longitudinal Compressometer Electronic testing equipment for a range of industries, including materials science testing lab. We offer full range of Longitudinal Compressometer Electronic testing equipment, including Longitudinal Compressometer Electronic testing kit, Longitudinal Compressometer Electronic testing machine, Longitudinal Compressometer Electronic testing tools, Longitudinal Compressometer Electronic test equipment, Longitudinal Compressometer Electronic test machines, Longitudinal Compressometer Electronic for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Longitudinal Compressometer Electronic testing equipment that helps customers build better, safer, and more sustainable infrastructure.
