

Product Name :
Hoek Type Triaxial Cell

Product Code :
TEST5040RFQLAB-0002

Description :

Hoek Type Triaxial Cell for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Triaxial tests on rocks, when conducted using conventional High Pressure Triaxial Cells, are time consuming and require special arrangements to handle them. Where as with the use of Hoek type Cells, these tests can be completed in much less time by a single operator.

Though these cells are being widely used abroad, is the only manufacturer in the country to develop the Hoek Type Cells for Nx to Ex size cores along with all accessories. These cells can withstand and pressure of upto 50mpa

We are a leading manufacturers of Hoek Type Triaxial Cell testing equipment for a range of industries, including materials science testing lab. We offer full range of Hoek Type Triaxial Cell testing equipment, including Hoek Type Triaxial Cell testing kit, Hoek Type Triaxial Cell testing machine, Hoek Type Triaxial Cell testing tools, Hoek Type Triaxial Cell test equipment, Hoek Type Triaxial Cell test machines, Hoek Type Triaxial Cell for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Hoek Type Triaxial Cell testing equipment that helps customers build better, safer, and more sustainable infrastructure.
