

**Product Name :**  
Compression Loading Unit Hand Operated

**Product Code :**  
TEST5048RFQLAB-0003

**Description :**

Compression Loading Unit Hand Operated

**Technical Specification :**

Hydraulic Loading unit of 250 kN capacity with maximum daylight clearance of 400 mm. The unit is fitted with 200 mm dia direct reading load gauge.

We are a leading manufacturers of Compression Loading Unit Hand Operated testing equipment for a range of industries, including materials science testing lab. We offer full range of Compression Loading Unit Hand Operated testing equipment, including Compression Loading Unit Hand Operated testing kit, Compression Loading Unit Hand Operated testing machine, Compression Loading Unit Hand Operated testing tools, Compression Loading Unit Hand Operated test equipment, Compression Loading Unit Hand Operated test machines, Compression Loading Unit Hand Operated for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Compression Loading Unit Hand Operated testing equipment that helps customers build better, safer, and more sustainable infrastructure.
