

Product Name :
Liquid Limit Device Motorised

Product Code :
TEST5000RFQLAB-0002

Description :

Liquid Limit Device Motorised for Testing Lab Equipment Tender Suppliers India

Technical Specification :

The device is identical fitted with a F.H.P. motor to drive the operating mechanism of cup at 120 rpm ensuring uniformity in performing est. Operates on 220 V, 50 Hz, single Phase, and is supplied with Grooving Tool Type 'A' and gauge block as per.

We are a leading manufacturer of Liquid Limit Device Motorised testing equipment for a range of industries, including materials science testing lab. We offer full range of Liquid Limit Device Motorised testing equipment, including Liquid Limit Device Motorised testing kit, Liquid Limit Device Motorised testing machine, Liquid Limit Device Motorised testing tools, Liquid Limit Device Motorised test equipment, Liquid Limit Device Motorised test machines, Liquid Limit Device Motorised testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Liquid Limit Device Motorised testing equipment that helps customers build better, safer, and more sustainable infrastructure.
