

Product Name :
Liquid Limit Cone Penetrometer

Product Code :
TEST5000RFQLAB-0003

Description :

Liquid Limit Cone Penetrometer

Technical Specification :

The unit meets the requirements (Part V) for liquid limit test using penetration method. It consists of :-
A stainless steel cone with half angle of $15^{\circ}30'$ and 30.5 mm coned length, having smooth polished surface, fitted to a bearing rod moving against a graduated scale.
Penetration trough of 50 mm dia and 50 mm deep made of brass.

We are a leading manufacturers of Liquid Limit Cone Penetrometer testing equipment for a range of industries, including materials science testing lab. We offer full range of Liquid Limit Cone Penetrometer testing equipment, including Liquid Limit Cone Penetrometer testing kit, Liquid Limit Cone Penetrometer testing machine, Liquid Limit Cone Penetrometer testing tools, Liquid Limit Cone Penetrometer test equipment, Liquid Limit Cone Penetrometer test machines, Liquid Limit Cone Penetrometer testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Liquid Limit Cone Penetrometer testing equipment that helps customers build better, safer, and more sustainable infrastructure.
