

Product Name :
Infrared Moisture Meter

Product Code :
TEST5004RFQLAB-0002

Description :

Infrared Moisture Meter for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Infrared moisture meter is fast, accurate, operates on 220Volts AC supply. It is completely automatic and provides % moisture loss through entire drying cycle. Heating arrangement consist of 250 watts heating lamp with a solid state power stat to control rate of drying and also temperature.

We are a leading manufacturers of Infrared Moisture Meter testing equipment for a range of industries, including materials science testing lab. We offer full range of Infrared Moisture Meter testing equipment, including Infrared Moisture Meter testing kit, Infrared Moisture Meter testing machine, Infrared Moisture Meter testing tools, Infrared Moisture Meter test equipment, Infrared Moisture Meter test machines, Infrared Moisture Meter testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Infrared Moisture Meter testing equipment that helps customers build better, safer, and more sustainable infrastructure.
