

Product Name :
Miniature Field Permeameter

Product Code :
TEST5005RFQLAB-0003

Description :

Miniature Field Permeameter

Technical Specification :

A metallic mould 33 mm dia x 71 mm high complete with collar, base plate, top plate and porous stones. Water tank fitted with pressure gauge capacity 7 kg/cm², valve and regulator. Indicator pipette 6mm dia x 300mm long.

We are a leading manufacturers of Miniature Field Permeameter testing equipment for a range of industries, including materials science testing lab. We offer full range of Miniature Field Permeameter testing equipment, including Miniature Field Permeameter testing kit, Miniature Field Permeameter testing machine, Miniature Field Permeameter testing tools, Miniature Field Permeameter test equipment, Miniature Field Permeameter test machines, Miniature Field Permeameter testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Miniature Field Permeameter testing equipment that helps customers build better, safer, and more sustainable infrastructure.
