

Product Name :
Constant Temperature Bath

Product Code :
TEST5007RFQLAB-0004

Description :

Constant Temperature Bath

Technical Specification :

Internal dimensions 600 mm x 300 mm x 380 mm deep with clear glass sides. Complete with heater, thermostat and agitating unit capable of maintaining temperature at $27^{\circ} \pm 1^{\circ}\text{C}$. When ambient temperature is less than 27°C . Wired for 220V, 50 Hz, 1 Phase operation.

We are a leading manufacturers of Constant Temperature Bath testing equipment for a range of industries, including materials science testing lab. We offer full range of Constant Temperature Bath testing equipment, including Constant Temperature Bath testing kit, Constant Temperature Bath testing machine, Constant Temperature Bath testing tools, Constant Temperature Bath test equipment, Constant Temperature Bath test machines, Constant Temperature Bath testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Constant Temperature Bath testing equipment that helps customers build better, safer, and more sustainable infrastructure.
