

Product Name :
Load Frame Motorised 500 kN

Product Code :
TEST5015RFQLAB-0004

Description :

Load Frame, Motorised, (500 kN), Load Frame Motorised 100 kN

Technical Specification :

Suitable for shear test on rock cores and soil specimens of large diameter. The frame with maximum day light of 900 mm, horizontal clearance 550 mm and platen size 250 mm dia, is designed for maximum load capacity of 500 kN and is fitted with turret type gear unit are enclosed in an elegant console. Cross head is adjustable through pulley block.

On-Off switch, Pilot lights and Forward Off Reverse switch are fitted on the electrical control panel. Height of cross head is adjusted through chain pulley. The triaxial testing instruments manufacturer provides equipment which is highly suitable for operation on 440V, 50Hz. three phase A.C. mains.
