

Product Name :
Lateral Pressure Assembly

Product Code :
TEST5018RFQLAB-0002

Description :

Lateral Pressure Assembly 0-10 kg/cm² for Testing Lab Equipment Tender Suppliers India

Technical Specification :

It is a steel chamber that can be pressurized to the required pressure with foot pump. It has a pressure gauge, water inlet and outlet valve.

We are a leading manufacturers of Lateral Pressure Assembly testing equipment for a range of industries, including materials science testing lab. We offer full range of Lateral Pressure Assembly testing equipment, including Lateral Pressure Assembly testing kit, Lateral Pressure Assembly testing machine, Lateral Pressure Assembly testing tools, Lateral Pressure Assembly test equipment, Lateral Pressure Assembly test machines, Lateral Pressure Assembly for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Lateral Pressure Assembly testing equipment that helps customers build better, safer, and more sustainable infrastructure.
