

Product Name :
Dual Channel Digital Oscilloscope

Product Code :
TEST5020RFQLAB-0011

Description :

Dual Channel Digital Oscilloscope

Technical Specification :

It is a Dual Channel high performance digital oscilloscope.
Dual analogue Channels
5.6 inch and 64k TFT LCD make the waveform display more clear and vivid.
Abundant trigger types, edge, pulse width, video, slope, alternate and duration.
Unique wave form record and display.

We are a leading manufacturers of Dual Channel Digital Oscilloscope testing equipment for a range of industries, including materials science testing lab. We offer full range of Dual Channel Digital Oscilloscope testing equipment, including Dual Channel Digital Oscilloscope testing kit, Dual Channel Digital Oscilloscope testing machine, Dual Channel Digital Oscilloscope testing tools, Dual Channel Digital Oscilloscope test equipment, Dual Channel Digital Oscilloscope test machines, Dual Channel Digital Oscilloscope for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Dual Channel Digital Oscilloscope testing equipment that helps customers build better, safer, and more sustainable infrastructure.
