

Product Name :
Pressure Aging Vessel Asphalt

Product Code :
TEST5113RFQLAB-0001

Description :

Pressure Aging Vessel Asphalt for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Pressuring aging vessel

Electricity

Power supply: AC (220±10%)V, 50Hz Rated power: 1100W Rated current: 10A

Vessel

Volume: 13L Medium: air Rated working temperature: 110?±5? Rated working pressure:

2.1MPa Designed pressure:

2.2 MPa Water pressure:

2.75 MPa Safety valve opening pressure:

2.15 MPa Explosive pressure for rupture disk: 2.6 MPa

Pressure controller

Precision: ±0.01MPa

emperature and time controller

Temperature control precision: ±0.1? Grading: 64×1080min Outage maintaining function: Yes

aging vacuum vessel

Electricity

Power supply: AC (220±10%)V, 50Hz Rated power: 900W Rated current: 10A

Vessel

Volume: 13L Medium: air Rated working temperature: 180?±5? Rated working pressure: absolute pressure

15kPa Pressure control mode: electric contact pressure gauge

Temperature and time controller
Temperature control precision: ± 0.1 ? Time control mode: button
pressuring aging vessel
aging vacuum vessel
Data collect software CD
Reducing valve and pipe fitting
Air supply hose
30mm socket spanner
14-17mm open spanner
Serial port line
O type seal ring (?5.7x258)
O type seal ring (?2.65x126)
Tripod
Specimen disc
Instrument usage manual
Safety valve product qualification certificate
Usage manual

We are a leading manufacturers of Pressure Aging Vessel Asphalt testing equipment for a range of industries, including materials science testing lab. We offer full range of Pressure Aging Vessel Asphalt testing equipment, including Pressure Aging Vessel Asphalt testing kit, Pressure Aging Vessel Asphalt testing machine, Pressure Aging Vessel Asphalt testing tools, Pressure Aging Vessel Asphalt test equipment, Pressure Aging Vessel Asphalt test machines, Pressure Aging Vessel Asphalt for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Pressure Aging Vessel Asphalt testing equipment that helps customers build better, safer, and more sustainable infrastructure.
