Product Name :
Asphalt Mixture Core drilling Machine

Product Code :
TEST5041RFQLAB-0002

Description :

Asphalt Mixture Core drilling Machine for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Pavement core drilling machine is designed to obtain high quality core drilling samples, especially for asphalt mixture specimen.
This asphalt mixture core drilling machine is compact and easy to operate.
Drilling core for dynamic modulus test
Drilling core for indirect tensile, semi-circular bending, Overlay, DCT, SST and other test that requires cylindrical specimen
Drilling core upon a prism cut from slab of wheel tracker
Drilling core directly upon shearing compacted slab
Power: 220V, 10A, 50Hz, 2200W, single-phase

We are a leading manufacturers of Asphalt Mixture Core drilling Machine testing equipment for a range of industries, including materials science testing lab. We offer full range of Asphalt Mixture Core drilling Machine testing equipment, including Asphalt Mixture Core drilling Machine testing kit, Asphalt Mixture Core drilling Machine testing machine, Asphalt Mixture Core drilling Machine testing tools, Asphalt Mixture Core drilling Machine test equipment, Asphalt Mixture Core drilling Machine test machines, Asphalt Mixture Core drilling Machine for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Asphalt Mixture Core drilling Machine testing equipment that helps customers build better, safer, and more sustainable infrastructure.
