

Product Name :
Automatic Compression machine Servotec

Product Code :
TEST5130RFQLAB-0005

Description :

Automatic Compression machine Servotec

Technical Specification :

Automatic compression machine servotec is a fully automatic testing machine with the rated voltage of 220V. This compression testing machine with pc control can effectively solve the problem of industrial power insufficiency.

Max. test force: 2000kN: 3000kN

Force range: 2-100%F.S: 2-100%F.S

Testing space: 340×345×(80~340)mm: 435×435×(80~450)mm

Piston stroke: 80mm: 80mm

Readout accuracy: $\pm 1\%$: $\pm 1\%$

Motor power: 0.75kW: 0.75kW

Machine size: 700×340×1000mm: 900×430×1070mm

Max. test force: 2000kN: 3000kN

Force range: 1-100%F.S: 1-100%F.S

Testing space: 340×345×(80~340)mm: 435×435×(80~450)mm

Piston stroke: 80mm: 80mm

Readout accuracy: $\pm 0.5\%$: $\pm 0.5\%$

Motor power: 0.75kW: 0.75kW

We are a leading manufacturers of Automatic Compression machine Servotec testing equipment for a range of

industries, including materials science testing lab. We offer full range of Automatic Compression machine Servotec testing equipment, including Automatic Compression machine Servotec testing kit, Automatic Compression machine Servotec testing machine, Automatic Compression machine Servotec testing tools, Automatic Compression machine Servotec test equipment, Automatic Compression machine Servotec test machines, Automatic Compression machine Servotec for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Automatic Compression machine Servotec testing equipment that helps customers build better, safer, and more sustainable infrastructure.
