

Product Name :
Rapid Moisture Meter

Product Code :
TEST5004RFQLAB-0001

Description :

Rapid Moisture Meter for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Moisture content determination of soil is an important part of listing in the field of agriculture, civil engineering, pharmaceutical industry etc. Test is based on the chemical reaction between calcium carbide and moisture in the soil.

The amount of gas formed is directly proportional to the moisture content which is indicated in terms of percentage on the pressure gauge.

Features :

Fast accurate and reliable.

No electricity required.

We are a leading manufacturers of Rapid Moisture Meter testing equipment for a range of industries, including materials science testing lab. We offer full range of Rapid Moisture Meter testing equipment, including Rapid Moisture Meter testing kit, Rapid Moisture Meter testing machine, Rapid Moisture Meter testing tools, Rapid Moisture Meter test equipment, Rapid Moisture Meter test machines, Rapid Moisture Meter testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Rapid Moisture Meter testing equipment that helps customers build better, safer, and more sustainable infrastructure.
