

Product Name :
Portable Functions Ultrasonic Flaw Detector

Product Code :
TEST5161RFQLAB-0002

Description :

Portable Functions Ultrasonic Flaw Detector for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Ultrasonic flaw detector is convenient for operation with powerful functions provided.
The ultrasonic flaw detector can quickly and accurately detect various defects inside the workpiece.
The digital LCD display shows data with the adjustable brightness.
The operation interface is user-friendly and wave graph displays exquisitely so that all defects will be clearly found in the full screen.
Curve making, probe calibration and other operations can be worked automatically.
With the core processing CPU frequency of 400MHz, this portable ultrasonic flaw detector quickly makes complex calculation and intelligent defect analysis.
Low-power design with high-capacity lithium battery can support more than 10 hours of continuous operation.

Technical Parameters
 Measuring range: 0~9999mm at steel velocity
 Material velocity: 1000~9999m/s
 Display delay: -20 to 3400μs
 Probe delay/zero offset: 0~99.99μs
 Sensitivity: max. 110dB in selectable resolutions of 0.1, 1.0, 2.0, 6.0 dB and locked
 Test mode: pulse echo, dual element and thru-transmission
 Pulser: tunable square wave pulser
 Pulse repetition frequency: 10~1000Hz
 Pulse energy: 200V, 300V, 400V, 500V, 600V

Bandwidth (amplifier bandpass): 0.5~15MHz
Gate monitor: two independent flaw gates controllable over entire sweep range
Rectification: positive half wave, negative half wave, full wave, RF
System Linearity: horizontal: +/-0.2%FSW, vertical: 0.25%FSH, amplifier accuracy: +/-1dB
Rejection (suppression): 0~80% full screen height
Units: inch or millimeter
Transducer connection: BNC or LEMO
Power: AC mains, 100~240V AC, 50~60Hz
Operating temperature: -10?~50?
Storage temperature: -30?~50?

We are a leading manufacturers of Portable Functions Ultrasonic Flaw Detector testing equipment for a range of industries, including materials science testing lab. We offer full range of Portable Functions Ultrasonic Flaw Detector testing equipment, including Portable Functions Ultrasonic Flaw Detector testing kit, Portable Functions Ultrasonic Flaw Detector testing machine, Portable Functions Ultrasonic Flaw Detector testing tools, Portable Functions Ultrasonic Flaw Detector test equipment, Portable Functions Ultrasonic Flaw Detector test machines, Portable Functions Ultrasonic Flaw Detector for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Portable Functions Ultrasonic Flaw Detector testing equipment that helps customers build better, safer, and more sustainable infrastructure.
