

Product Name :
Magnetic Particle Detector

Product Code :
TEST5161RFQLAB-0004

Description :

Magnetic Particle Detector

Technical Specification :

Working current: 0. 7A(Empty 1.1A)
Polar Distance: 0~250mm
Product size: around 220*150*60mm

We are a leading manufacturers of Magnetic Particle Detector testing equipment for a range of industries, including materials science testing lab. We offer full range of Magnetic Particle Detector testing equipment, including Magnetic Particle Detector testing kit, Magnetic Particle Detector testing machine, Magnetic Particle Detector testing tools, Magnetic Particle Detector test equipment, Magnetic Particle Detector test machines, Magnetic Particle Detector for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Magnetic Particle Detector testing equipment that helps customers build better, safer, and more sustainable infrastructure.
