

Product Name :
Cube Moulds

Product Code :
TEST5058RFQLAB-0001

Description :

Cube Moulds, Cube Mould (450 mm), Cube Mould (300 mm), Cube Mould (200 mm), Cube Mould (150 mm), Cube Mould (100 mm), Cube Mould (100 mm), Cube Mould (50 mm)

Technical Specification :

These are used for casting cement concrete test specimens for carrying out compressive strength tests as per IS : 516. These moulds are manufactured as per IS specifications. The faces are machined flat within ± 0.02 mm tolerance and the inside dimensions are accurate within ± 0.2 mm. Each mould is supplied with a base plate. 70.6 mm and 150 mm cube moulds carry I.S.I. mark.

Cube Mould made of cast iron having an internal size of 100mm with a tolerance of ± 0.2 and planeness of ± 0.03 mm. Cube Moulds are ISI Marked.

Cube moulds meet the stringent requirement of the above standard and meet the requirement both dimensionally as well as weight wise.

We are a leading manufacturer of Cube Moulds testing equipment for a range of industries, including materials science testing lab. We offer full range of Cube Moulds testing equipment, including Cube Moulds testing kit, Cube Moulds testing machine, Cube Moulds testing tools, Cube Moulds test equipment, Cube Moulds test machines, Cube Moulds for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Cube Moulds testing

equipment that helps customers build better, safer, and more sustainable infrastructure.
