

**Product Name :**  
Balances Analytical Balances

**Product Code :**  
TEST5176RFQLAB-0014

**Description :**

Balances Analytical Balances

**Technical Specification :**

Balances Analytical Balances  
Has a built-in calibration weight for easy calibration.  
High accuracy and repeatability for essential weighing applications.  
Suitable for all laboratory, industrial and educational settings.  
Second line display for additional information or guidance.  
USB and RS232 connectivity for easy communication.  
Cast metal lower housing and sub-pan.  
Stainless steel weighing pan.  
Internal calibration weight.  
Capacity: 420g  
Outer keyboard with direct reading LCD  
Dustproof Plexiglas cover  
Resolution: 0.01g  
Mains and battery operated (batteries included)  
Mains Voltage: 220-240V 0- 60Hz.
