

Product Name :
Isomantle Heater

Product Code :
TEST5176RFQLAB-0047

Description :

Isomantle Heater

Technical Specification :

Isomantle Heater

The Isomantle Heater is Used to heat the mixing bowl for the asphalt mixer.
It is fitted with an electronic temperature regulator and can be easily fitted to the mixer.

Main Features:

- “Cool-to-touch” outer casing.
- Indicator lamps for power and heater operation.
- Replaceable insulated heater cartridge.
- Rugged, easy to clean powder coated aluminium casing.

Specifications:

- Bowl Maximum Temperature 1800C
- Bowl Capacity (liters) 10 liters
- Power 1000W
- Voltage 230Volts 1 phase
- Replaceable insulated heater cartridge
- Cool to touch outer casing
