Product Name :
Consumables R-600a Refrigerant

Product Code :
TEST5186RFQLAB-0004

Description :

Consumables R-600a Refrigerant

Technical Specification :

R-600a refrigerant

R600a (isobutane) is a hydrocarbon that is becoming increasingly popular due to its low Global Warming Potential (GWP).

It is the refrigerant of choice for domestic and light commercial refrigeration units, including fridges and freezers, drink dispensers and standalone display units.

Can of R-600a refrigerant

Size: 420g
