

Product Name :
Solar Panel

Product Code :
TEST5191RFQLAB-0002

Description :

Solar Panel for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Solar Panel

Durable Low Iron Tempered Glass With Anti Reflective Coating (Panel traps Sunlight to Improve Efficiency).
Fast Curing, Highly Reflective, and Enhanced UV EVA Encapsulation Enhancing the Durability and Performance.

Sturdy and LightWeight Aluminum Alloy Frame

Solar Panel Array:

300W or more wattage per single panel.

24V per single panel.

Mono crystalline type of solar panel.

Total wattage of PV array 5100W.

Aluminum frame work and full accessories for solar panel installation.
