**Product Name :**  
Differential GPS High Acc GPS

**Product Code :**  
TEST5194RFQLAB-0029

**Description :**

Differential GPS High Acc GPS

**Technical Specification :**

Differential GPS (High Acc GPS)

Signal Tracking 220-260 channels with simultaneously tracked signals, initialization reliability > 99, data input and output through port and network connection.

Features:

Durable

Compact design

Seamless finish

High accuracy

Sturdy structure

**Testing lab instruments India**
