

Product Name :
Relative Density Bottle

Product Code :
TEST5195RFQLAB-0023

Description :

Relative Density Bottle

Technical Specification :

Relative density, or specific gravity, is the ratio of the density (mass of a unit volume) of a substance to the density of a given reference material.
Specific gravity usually means relative density with respect to water.
The term "relative density" is often preferred in scientific usage. It is defined as a ratio of density of particular substance with that of water.

Made of glass
Capacity: 25ml
