

Product Name : Stirrer

Product Code : TEST5195RFQLAB-003

Stirrer

Technical Specification :

Quiet and reliable mixer that can provide stable continuous mixing up to 7 daynights. It can realize three types of motion: Rotational, Reciprocal and Vibration.

Speed, angle and time of stirrer rotation is under microprocessor control.

Multi-mixer can be used for stirring solutions up to the "medium viscosity" range (from 1,000 to 10,000 mPa.s).

Can realize three types of motion:

- 1 Rotational
- 2 Reciprocal
- 3 Vibration

Speed, angle and time of stirrer rotation under microprocessor control

Includes: Paddle stirrer (70 x 70 mm) Propeller stirrer (Ø 60 mm) Propeller stirrer (Ø 50 mm) Anchor stirrer (Ø 90 mm, Höhe 48 mm) Centrifugal stirrer (Ø 50 mm)
